Organizational Development | Content Creation & Multimedia Development | Project Management | LMS Administration

Professional Experience

Kalles Group

Mar 2025 – Feb 2026

Senior Learning & Development Consultant for The Gates Foundation

- **Training Delivery & Curriculum Consulting:** Partnered with Business System Analysts and client leadership to define organizational learning strategies to enhance productivity and collaboration for the foundation, helping to reduce user friction and ensure organizational change management is successful.
- **IT Communications and Newsletter:** Developed staff communications such as blogs, news posts, and a monthly newsletter, to engage with foundation staff, provide actionable insights on emerging tech trends, inform staff of upcoming learning opportunities, and collaborate with other communities of practice and employee resource groups.
- **Document Management Training Delivery:** Developed, maintained, and delivered a training curriculum focusing on document management best practices, records management, knowledge management, and SharePoint site ownership.
- **AI Training Delivery:** Delivered and assisted with curriculum development for AI training programs focusing on ChatGPT and Microsoft Copilot. Partnered with external teams to deliver customized AI training workshops with a focus on developing agents and prompts to accelerate productivity and AI adoption.
- **Productivity Tool Training Support :** Maintained internal resources and knowledge documentation for Microsoft 365 products, delivered customized trainings for new features and product releases, and provided on-demand learning support for foundation staff.

Samsung Electronics America

Oct 2023 - Dec 2024

Training Manager

- **Global Training Team Leadership:** Directed training operations for a team of 20-25 in the Philippines and India, driving improvements in agent performance and customer experience through strategic training initiatives.
- **LMS Administration & Oversight:** Managed Absorb Learning Management System (LMS) for 1,500 employees across 3 countries, optimizing content deployment and user management to support global training objectives.
- **Redesigned New Hire Curriculum:** Spearheaded a comprehensive overhaul of the new hire training program, aligning it with KPIs (net promoter score (NPS), average handle time, revenue contribution) to enhance agent proficiency.
- **High-Impact Training Modules:** Developed and implemented product training programs for high-profile launches, ensuring teams were prepared under strict NDA and embargo conditions.
- **Comprehensive Curriculum Development:** Created and maintained training materials for procedural/process education, sales and product launches, and ongoing upskilling to ensure knowledge proficiency.
- **Cross-Functional Collaboration:** Partnered with Samsung teams on policy changes, sales events, product launches, and CRM migrations for the contact center.
- **NPS Improvements:** Teamed with operations to analyze NPS trends, creating refresher training that increased agent proficiency, reduced handle time, and raised NPS from 48 to a record-high 72.

📍 Auburn, WA | 📞 801-664-8885 | @jeremytarshis@gmail.com | [in linkedin.com/in/jeremytarshis](https://www.linkedin.com/in/jeremytarshis) | [🌐 jeremytarshis.com](https://www.jeremytarshis.com)

- **AI Product Launch Training:** Developed specialized training for Samsung's first AI-enabled phone, co-creating materials, role-play scenarios, and proficiency assessments, leading to a 13% YoY revenue increase in Customer Service.

Merit Medical Inc.

Jun 2019 - Oct 2023

IT Technical Training Manager

- **Cybersecurity Training:** Developed the company's first mandatory cybersecurity training curriculum and eLearning module for 7,000 global employees in 10 languages, achieving 87% satisfaction and a 40% reduction in cybersecurity intrusions.
- **Office 365 Training Revamp:** Overhauled Office 365 training with a project-based scaffolding approach, increasing attendance by 150% and satisfaction to 92% while improving app proficiency and employee performance.
- **Project Management:** Leveraged Monday.com to streamline and manage learning and development (L&D) projects across departments, boosting efficiency and output.
- **Technical Writing:** Authored 50+ articles, guides, and handouts for the ServiceNow Knowledge Base, increasing agent efficiency and reducing customer support tickets.
- **Multimedia Learning Tools:** Created instructional videos, podcasts, and infographics to enhance learning accessibility across various subject matter areas.
- **Live Video Production:** Led the production of live video broadcasts for company town halls, announcements, and meetings, reducing overhead costs on third-party services.

StubHub Inc.

May 2017 - Jun 2019

Learning Specialist

- **New Hire Onboarding:** Facilitated training for 200+ employees in 12 months to support the launch of a new call center, using a blend of instructor-led (ILT) and virtual instructor-led training (VILT) methods.
- **Training Program Revamp:** Contributed to the overhaul of new hire training across multiple domains, aligning curriculum with business objectives, improving learning outcomes and employee satisfaction.
- **ITL to VILT Conversion:** Partnered on the conversion of ILT curriculum to VILT formats to accommodate internal virtual employees and outsourced partners.
- **Employee Upskills Training:** Delivered ongoing upskill training programs across multiple subjects, boosting employee retention and fostering internal career mobility.
- **Learning Outcome Assessments:** Wrote and revised several Level 2 assessments as part of content rework, improving the accuracy of learning outcome measurements and enhancing the evaluation of knowledge transfer.

Dealertrack Inc.

Jun 2014 - Mar 2017

DMS Trainer

- **New Hire & Upskill Training Delivery:** Facilitated new hire and upskill training across various domains, fostering career growth and development for new and existing employees.
- **VILT Curriculum Development:** Designed a VILT curriculum to onboard new customers onto the Dealertrack Dealer Management System (DMS), enabling a smooth transition for the customer-facing training team.
- **Digital Assessment:** Revised and converted existing Level 2 assessments into a new assessment solution, improving data on learner outcomes and ensuring more accurate performance tracking.
- **Contact Center Training Facilitation:** Presented multiple training sessions for contact center employees, focusing on soft skills, case writing, and conflict resolution.
